QUANTIX VC

PREFERRED COMPANIES

Ideas with an edge.

We are looking for founders turning technical insight into a product people will need. These are the opportunities we lean into.

01

Agentic AI

Agents that execute useful workflows with reliability, clear oversight and measurable outcomes.

02

AI operating systems

AI-native workspaces and operating layers that change how people interact with software.

03

Blockchain

Practical infrastructure for payments, digital identity and verifiable transactions.

04

AI in healthcare

Clinical workflows, care operations and research tools with a credible path to validation.

05

Developer infrastructure

Tools for building, deploying, evaluating and securing the next generation of AI products.

06

Industrial & climate AI

Intelligence that improves energy efficiency, manufacturing and physical-world operations.

A sector is the starting point. Founder insight is the filter.

THE WINTER OFFERING

Capital to start.
Room to build.

PRE-SEED / IDEATION

$350k - $2M

Funding designed to move a strong idea toward customer validation, a first product and the right founding team.

ADDITIONAL PERK

$100,000

in AWS credits*

Cloud capacity to prototype, run experiments and build your first production workloads.

What we look for: a meaningful problem, a distinctive founder insight and a credible plan to learn quickly. Revenue is not required at ideation.

* AWS credit benefit: up to US$100,000, subject to eligibility, AWS approval and program terms. Credits are not cash. Final investment size and terms are agreed after diligence.

BUILT FOR THE JOURNEY

A partner for the next round.

Winter Batch starts at pre-seed. Our support looks ahead to the milestones that make Seed and Series A possible.

PRE-SEED

Find the signal.

Validate the need, shape your MVP and test with early users.

SEED

Build the proof.

Strengthen adoption, clarify your growth story and prepare your raise.

SERIES A

Scale with intent.

Plan your next market, build organizational capacity and pursue growth capital.

Support beyond the capital

Fundraise readiness
Milestone planning, pitch feedback and a sharper investment narrative.

Relevant connections
Introductions to operators, potential customers, talent and investors.

Follow-on investments are evaluated separately; future funding is not guaranteed.

QUANTIX VC

APPLICATIONS OPEN

Start with what you see.

No warm introduction required. Submit your application by email with a deck or a concise company overview.
